Over 7 years of experience as a Full-Stack Developer and proven leader. At CORE CARE AND HEALTH SYSTEMS CORP, I've multiplied team productivity through mentorship and strategic guidance, empowering developers to grow into highly qualified professionals. I led the design, implementation, and maintenance of web applications that optimized healthcare service quality and efficiency, reducing response times and boosting user satisfaction.

PROFESSIONAL EXPERIENCE

CORE CARE AND HEALTH SYSTEMS CORP

Caracas, Venezuela

Lead Developer

October 2022 – Present

- Created an innovative solution for the medical system in the United States, using cutting-edge technologies and best practices.
- Led and mentored a team of 10 developers, boosting team productivity by 60%.
- Facilitated stakeholder workshops, achieving 100% on-time deliveries and 100% client satisfaction rate.
- Managed the flow of the app development, from planning and designing to testing and deploying.
- Conceptualized, designed, and implemented both frontend and backend enhancements independently, turning ideas into production-ready features.

Wocoon

Caracas, Venezuela

Lead Developer

June 2021 – March 2023

- Developed a hybrid mobile app using Ionic, Angular, TypeScript, and Firebase, significantly boosting user engagement.
- Directed a cross-functional team, accelerating feature delivery and enhancing collaboration.
- Implemented CI/CD pipelines that reduced deployment times by 70%.
- Designed and integrated offline mode to ensure near-constant availability.
- Facilitated weekly sprint meetings, aligning the roadmap with stakeholder expectations and securing deliverable approval.

Daxos

Caracas, Venezuela

Software Developer

August 2020 – October 2022

- Developed full-stack applications solo with Node.js, React, Angular, Ionic and JavaScript.
- Delivered projects on schedule with a focus on quality and maintainability.
- Strengthened front-end skills through ongoing training in React, Angular and Vue

300 Dev

Caracas, Venezuela
